AMENDMENT

Dear Sir:

This is responsive to the Office Action mailed December 12, 2002. Please amend the above-identified application and consider the following remarks.

IN THE CLAIMS

Please amend Claims 1-5 and 8-12 as follows:

1. An absorbent article, said absorbent article having a body surface and a garment surface and comprising:

a liquid permeable topsheet, said topsheet providing a barrier which inhibits rewet, wherein said topsheet has a compressibility of less than about 488 g/cubic cm;

a liquid impermeable backsheet disposed beneath said topsheet and joined thereto at least about a periphery of said absorbent article; and

an absorbent core disposed between said topsheet and said backsheet;

wherein said topsheet and said core cooperate to provide said absorbent article with a liquid strikethrough of less than about 55 seconds and a wetback of less than 30 milligrams.
